Rules and Regulations

Mission Statement

The Parks Department for the City of Sturgis strives to maintain Bear Butte Cemetery in a manner that will continue to beautify the grounds and control operational costs as the cemetery expands.

The cemetery staff asks families and friends of loved ones buried at the Bear Butte Cemetery to refrain from overly decorating grave sites, which makes it difficult for staff to maintain the grounds.

We ask that family and friends visit frequently in order to remove old decorations, remove overgrown grass and weeds and anything else that will ensure the beauty of their loved ones lots as well as the cemetery.

Absolutely no alcohol or glass containers allowed in the cemetery.

Funeral Flowers will remain on the grave for three (3) days depending on condition of the flowers due to the elements.

Fresh cut flowers shall be placed in vases on the monument or in special features made for attaching decorations. (Vases shall be the type described in Cemetery City Ordinance 6.04.11).

Artificial flowers, with the exception of Days of Special Observances and Spring/Fall clean up, shall be permitted in vases mounted to foundations or monuments as described in Cemetery City ordinance 6.04.11. Flowers may be attached to monuments with flower saddles, shepherds hooks or similar factory constructed devices designed for hanging or holding flowers.
