

Monument Design Authorization Form Bear Butte Cemetery

*This form is a request of approval for acceptance of any monuments/markers and/or foundations in Bear Butte Cemetery. There is no charge for the monument design permit, however; failure to obtain permission may result in rejection of a monument/marker/foundation. All monuments/markers and/or foundations (new or replacements) are subject to approval by the City of Sturgis Parks Director prior to any construction. If approval is granted for the design you have submitted, a signed copy of this permit will be given to the Monument Company responsible for the monument/marker/foundation. Once a permit of approval has been received, you may proceed with construction.
