RE: Sturgis Public Water System (EPA ID 0321)

Dear Mr. Youngberg:

The Drinking Water Program has received results of your Stage 2 Disinfection By-Products (DBP) sample dated August 15, 2023. Your water system is in compliance for THMs/HAA5s. The regulations require that results of the compliance monitoring be kept on file for at least ten years.

The TTHM/HAA5 test results allow for the system to continue sampling on a reduced monitoring frequency. The system will be required to sample once every year at the approved sampling location. The next sample is due between **August 1 and September 30, 2024.**

Thank you for your interest in keeping a safe water supply for your community. If there are any questions on this matter, please contact me by email or my direct phone number listed below.

Sincerely,

Erin Fagnan
