31.01.01: SCOPE AND PURPOSE

SDCL 9-34 provides the authority for municipal licensing of many non-traditional businesses which can have a negative impact the health and public safety of residents of a municipality. That legislation specifically allows municipalities to license and regulate activities such as exhibitions, second hand stores, tattoo services, piercing services, fortune tellers and mind readers, auctioneers, transient merchants, peddlers, solicitors, pawnbrokers, ticket scalpers and food preparation and sales. The City of Sturgis, population of about 6,700, is home to one of the largest tourist events in the U.S., the annual Sturgis® Motorcycle Rally™. The event has had an annual attendance estimated to range from 250,000 persons to over 500,000 persons participating. Tourists travel from across the United States and from other parts of the world to be in the Sturgis community area each year for it. They come to participate in the buying and selling of many and varied items, to attend concert activities, to camp and to travel throughout western South Dakota, and to meet others from around the world and socialize in a unique tourist environment.

The City of Sturgis is the epicenter of the Rally and faces significant responsibilities in hosting this large event every year. The primary focus of the municipal activities is to provide a safe, healthy and friendly atmosphere that will allow the Rally™ to flourish and grow. To accomplish this aim, the City incurs costs each year of well over \$1,000,000. Those costs are incurred to provide needed trash collection, recycling, water service, sewer service, adequate police and public safety staff, necessary ambulances service and similar needed services. To offset those very substantial costs and avoid an unfair burden on property tax payers in the community, the City has adopted and subsequently revised this ordinance to follow that statutory authority to license and assess fees to those who vend, sell, display and market during the annual Rally™. It is the intent of the Council, in following that statutory authority, that those who operate temporary businesses and who are the primary beneficiaries of the business and marketing that results from a stable Rally™ event will bear the majority of the costs associated with providing and maintaining that safe venue each and every year.

Recording and production policy: It is the policy of the City to ensure that filming, recording and related activities do not unreasonably interfere with public health, safety or welfare, or endanger any property. It is intended that this chapter be construed as consistent with the evolving technology of motion picture and television filming and production. It is the policy of the city to encourage professional motion picture, television production industry and digital recording entities to use City locations and backdrops, services and crew members to support the economic development goals of the City.
